

Easy Trace

LC Duplex Patch Cord

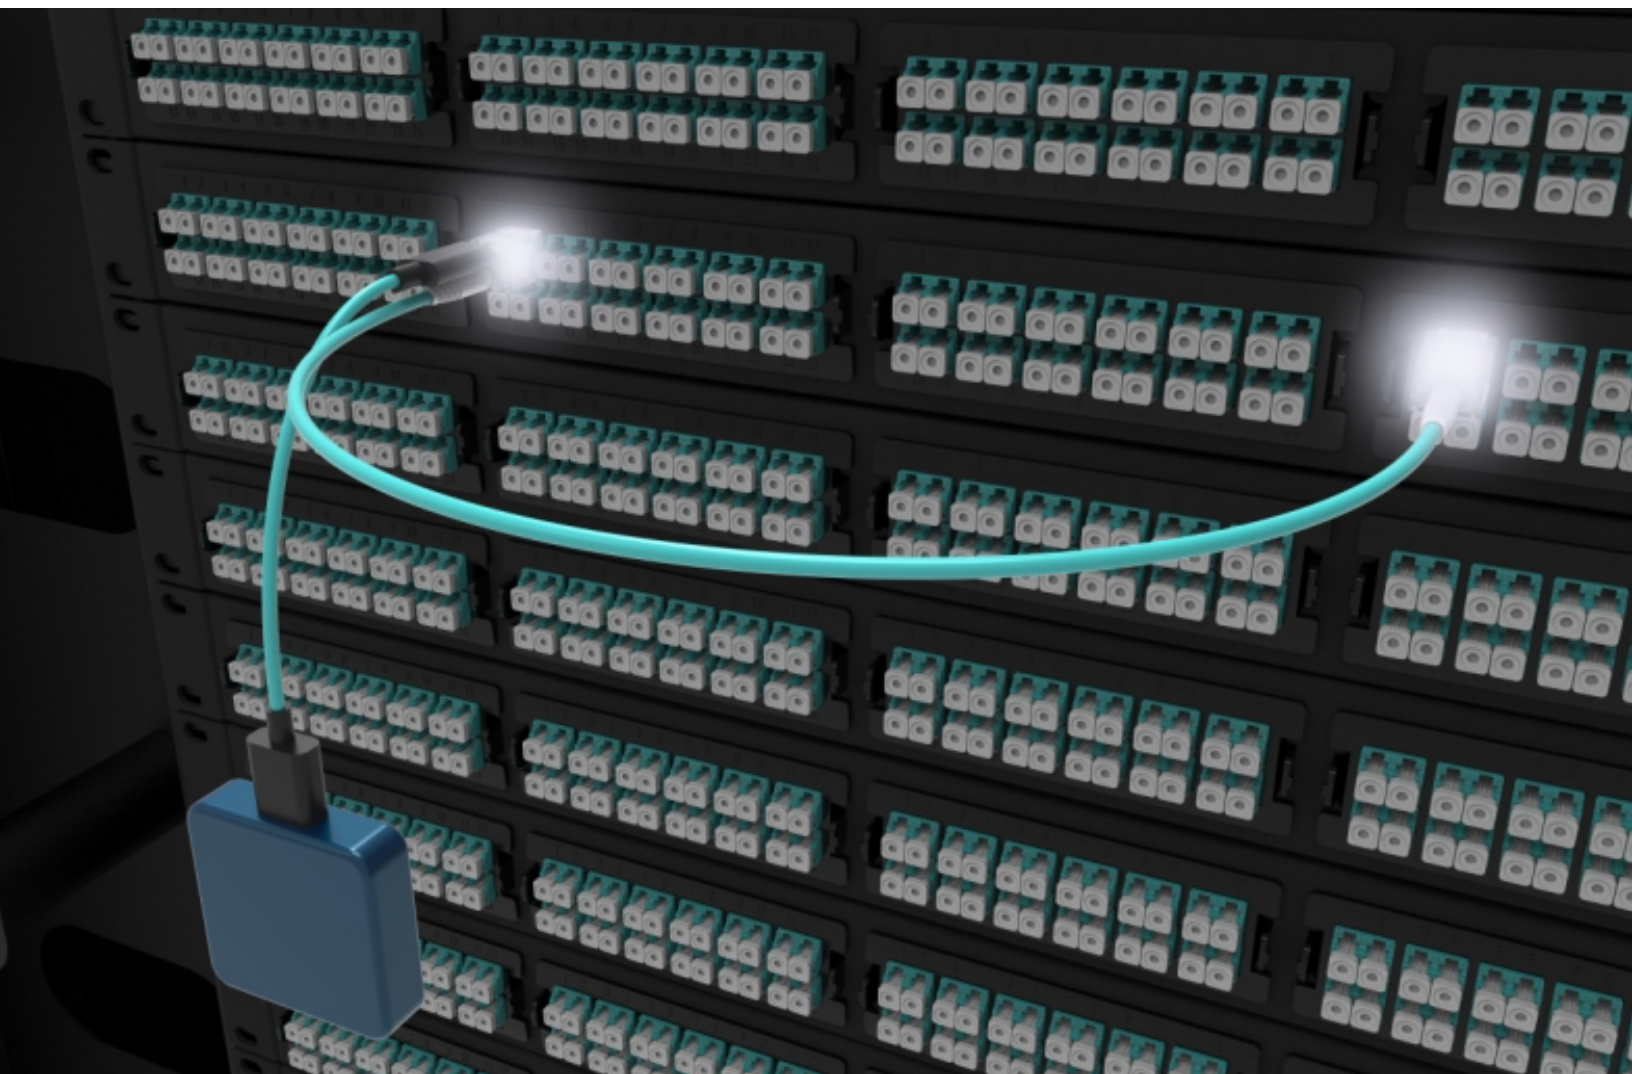

Data Center | Carrier Network | Structural Cabling

When you face the intimate jungle of fiber jumpers

Spend 60 Minutes to find
out the right end from hundred's of connectors?

or...

Easily
Light up the **Easy Trace** and
Quickly find the right end

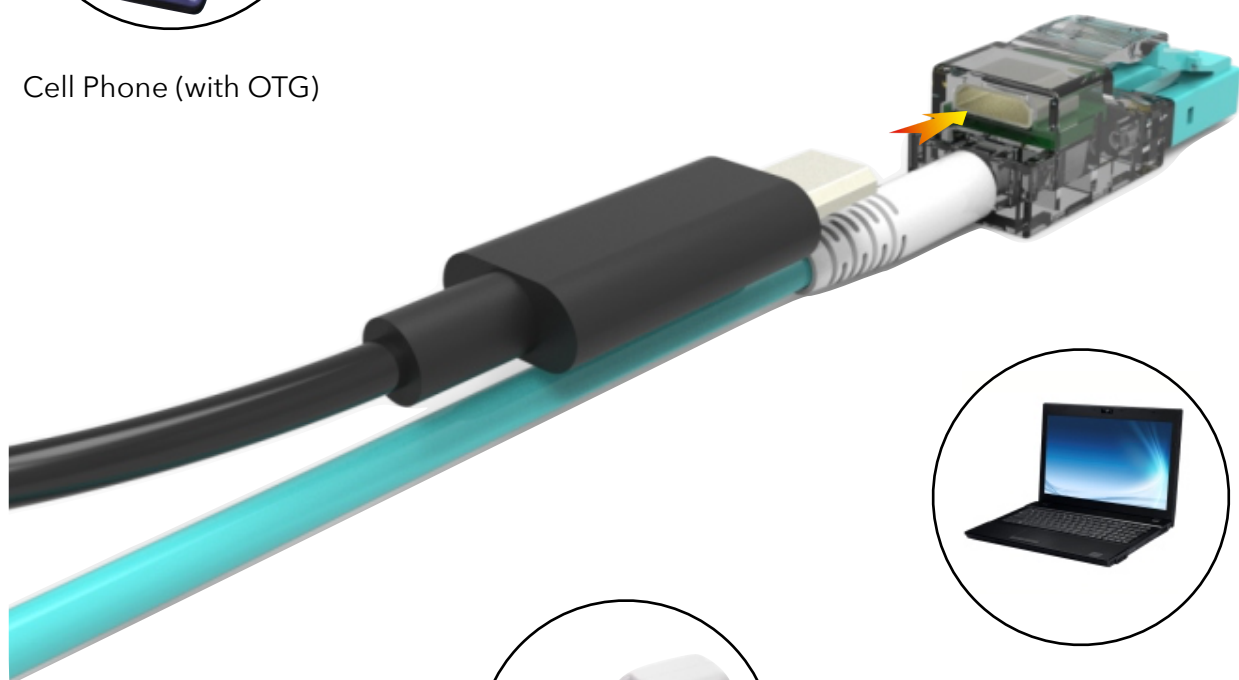

and to Lighten Up the **Easy Trace**
you only need...

Cell Phone (with OTG)

Power Bank

Laptop

Phone Charger

No Batteries Environment Friendly

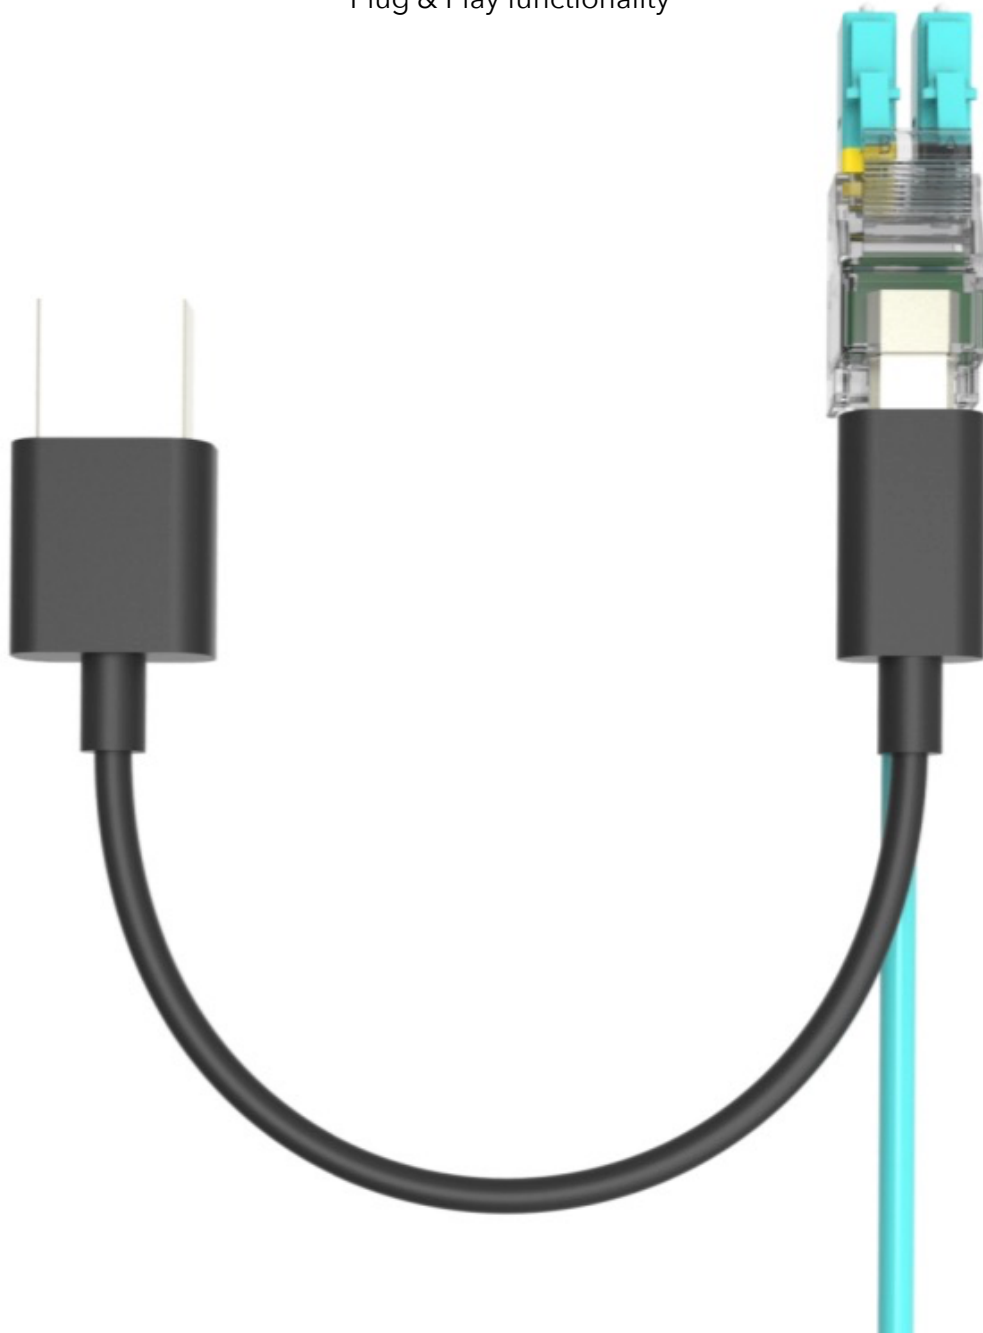

Environmentally plastic/PCB Material

Meets ROHS

Safe Reliable Quick Supply

any LVPS device can directly connect to the Micro USB interface

Plug & Play functionality

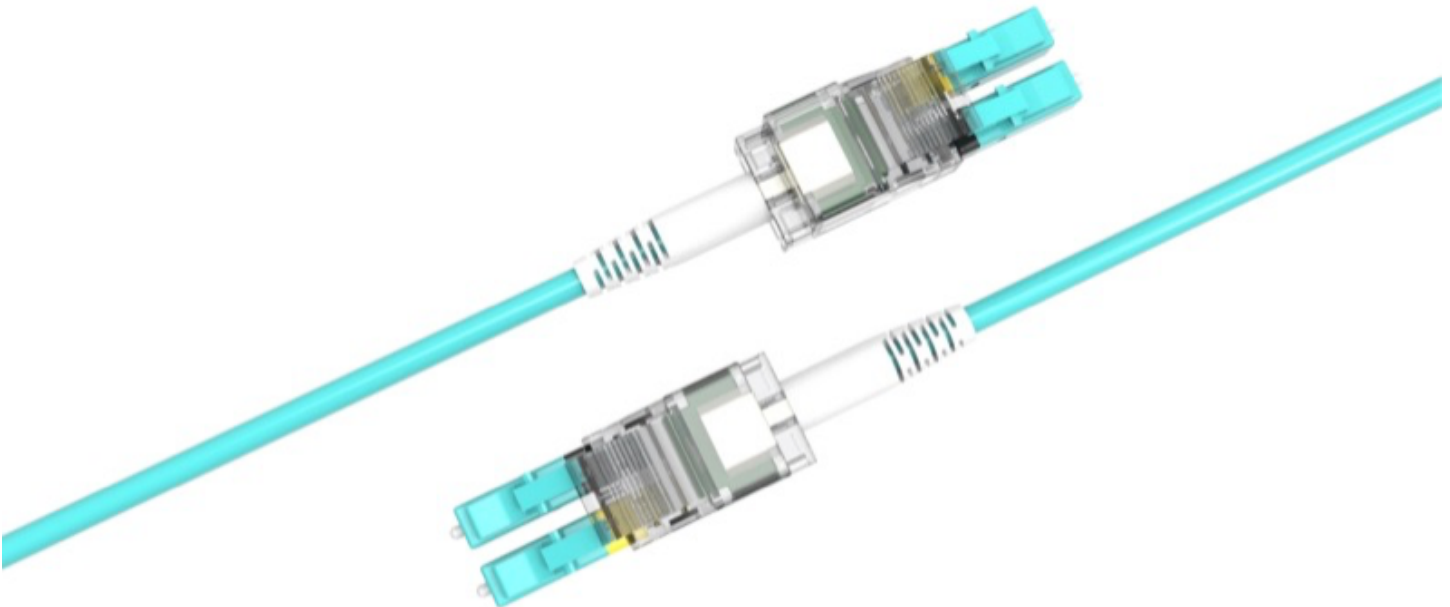

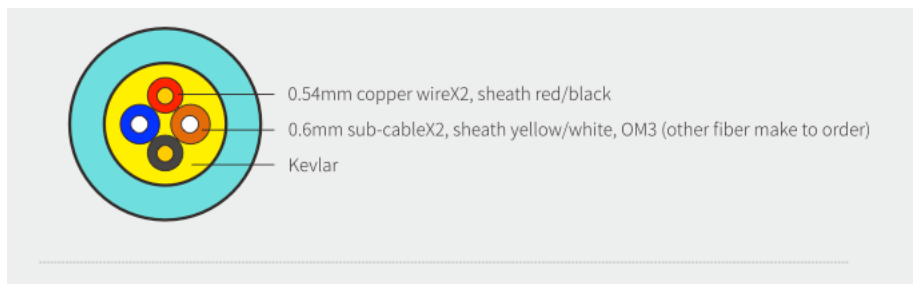

Instructions

- Using a Micro USB cable plugged into a mobile power supply, plug into the connector
- Once plugged into a connector on either end, the LED's light up on both ends

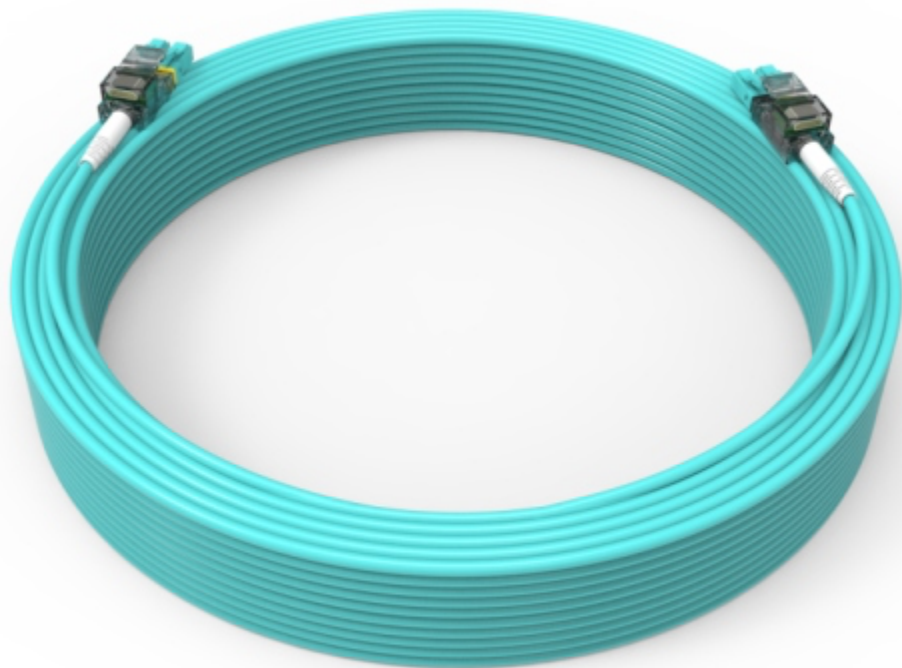

- Materials meet ROHS requirements
- Product standard: IEC 61754-20 / IEC 60332-1 / IEC 61034
- Optical performance:
SM Max IL $\leq$ 0.3dB Max RL $\leq$ -50dB (UPC) Max RL $\leq$ -60dB (APC)
MM Max IL $\leq$ 0.3dB Max RL $\leq$ -30dB

Hybrid Cable

- Duplex tight buffered fiber
- LSZH copper cable sheath
- 3.0mm single tube round cable
