

# Universal Splice Vault P97-20989

Priority universal optical splice vaults are designed to manage the transition between outside plant cables and fire-retardant indoor riser cables in fiber optic networks. These rugged and versatile enclosures are ideal for use in equipment rooms, splicing vaults or building entrance terminals in carrier or enterprise environments.

## Features

- 31.5" W x 24.5" H x 13.5" D
- Universal splice vault - 1728 mass fusion or 288 single fusion splices
- Up to 12 trays each capable of 144 mass fusion or 24 single fusion splices
- Multiple cable entry ports on all sides
- Cable management
- Integral pull-down work shelf for convenient splicing operations.

## Splice Tray Part # P97-19695

Splice trays are ordered separately based on network requirements.
